Billing:

You will be billed for water service monthly; thus, the water meter will be read the third week of the month. The bills are due and payable on the 15th of each month and considered late after the 15th of each month. Payments can be made to the District office by mail, in person, or online at www.cottonwoodwaterdistrict.org. The District is currently using a payment portal which is user friendly with a secure device that allows pop-up blocker. You can pay online by e-check or debit/credit card with a \$3.00 processing fee per \$100 made payable to the Cottonwood Water District.

Water Equivalents Table:

1 Cubic Foot = 7.48 Gallons

100 Cubic Feet = 748 Gallons

Monthly Base Rate = 800 Cubic Feet = 5,984 Gallons

Low Flow Indicator (Leak Indicator):

This small dial will rotate if water is passing through the meter. It is an indication of very small flows that would be visually undetectable. If dial is turning, you may have an undiscovered leak in plumbing system.

Procedure for Meter Reading:

If register lens is dirty, a light wipe with a damp cloth will clear lens for an accurate reading. Always remember to close the register cover after reading meter to avoid exposure to cracking or scratching of lens. One of the most important factors in a correct reading is to note the proper number of digits. Read the meter register from left to right.

Office Hours:

The District is open from 8:30-12:00, closed for lunch and from 12:30-4:30pm Monday through Friday except Holidays. For after-hour emergencies, call 530-941-4274 or 530-941-2641.
